Approved Statistics Courses by Country or U.S. State/Territory

University of Washington School of Nursing

Below are approved statistics courses from colleges and universities around the world. If the course you completed does not appear on this list, it may not yet have been reviewed by the School of Nursing. If you would like us to review your statistics course, submit the following information with your application:

-Name, number, number of credits, and title of the course
-Name of institution where course was taken
-Full description of the course; you may be asked to provide a copy of the syllabus

Courses followed by a '*' are no longer actively offered at that college/university. If you see courses marked as active on this list that you know are no longer offered, please email asknursing@uw.edu so we may update this list.
