| DNP track/option: | _____ | _____ |
| PhD               |       | _____ |
| Other:            | _____ | _____ |

2. What are the specific aims of the proposal?
3. Does the program fit with the department and school's long term goals/strategic plans?
4. Is there need for the program based needs assessment data and demand from potential students, agencies, etc. in our area?
5. How does this program enhance or overlap with other programs in the department or school?
6. What is the targeted student group and estimated number of students (based on accurate data also taking into account affect on other programs)?
7. How does the program enhance diversity of the student body or curriculum?
8. What are the hidden/assumed costs to the department? Include a summary analysis of the cost versus benefit/savings of the proposed program and short or long term savings or efficiencies that might occur as a result of the program.
9. What resources from faculty and staff are needed to offer the proposed program and how does that impact other programs? List faculty and their projected involvement.
10. State evidence of collaboration with existing programs and sharing of resources/courses.
11. Explain the specific plan of sustainability for the program. If this is a grant funded program, what will be the impact of continuing this program once the grant ends? Why is this a reasonable commitment to be making given budget cuts and diminishing grant funds?
12. What will the new program or program revision accomplish that is not available from the current <http://nursing.uw.edu/academic-services/policies/revising-proposing-courses.html> programs being offered?
13. Does the proposal include new or revised courses? \_\_\_\_\_ no \_\_\_\_\_ yes\*

\*If yes, please follow the instructions in [Academic Services Memorandum 38: New and Revised Courses](#).
